WELCOME MESSAGE

Dear Colleagues,

On behalf of the Organizing Committee, it is our distinct pleasure to welcome you to the **World Conference on Renewable Energy & Sustainable Energy (Renewable Energy – 2027)**, which will be held virtually on **March 3–4, 2027**.

Renewable energy has become one of the defining pillars of global sustainable development. Rapid technological advancements, evolving energy policies, and increasing environmental concerns have accelerated the need for innovative and collaborative solutions that support a cleaner and more resilient future.

Renewable Energy – 2027 has been established as an international platform to bring together leading scientists, researchers, engineers, academicians, industry professionals, policymakers, entrepreneurs, and students to exchange knowledge, present pioneering research, and discuss practical solutions for today's energy challenges.

The conference will feature distinguished keynote lectures, plenary sessions, technical presentations, panel discussions, poster sessions, and networking opportunities, creating a dynamic environment for scientific exchange and professional collaboration.

We sincerely invite you to join this prestigious global gathering and contribute to shaping the future of renewable and sustainable energy.

We look forward to welcoming you virtually to **Renewable Energy – 2027**.

ABOUT THE CONFERENCE

The **World Conference on Renewable Energy & Sustainable Energy (Renewable Energy – 2027)** is a premier international scientific conference dedicated to promoting excellence in renewable energy research, technological innovation, and sustainable development.

The conference provides a multidisciplinary forum where researchers, scientists, engineers, academicians, industrial experts, policymakers, and practitioners can present recent advances, discuss emerging technologies, and establish meaningful collaborations that contribute to the global transition toward sustainable energy systems.

Renewable Energy – 2027 encourages the exchange of scientific knowledge across disciplines including renewable power generation, smart energy systems, energy storage, hydrogen technologies, environmental sustainability, climate change mitigation, and energy policy.

Through high-quality scientific sessions and international participation, the conference aims to inspire innovative solutions that address global energy challenges while promoting sustainable economic and environmental development.

INNOVATION

Driving clean energy through research and technology

COLLABORATION

Building global partnerships for a sustainable future

SUSTAINABILITY

Promoting environment-friendly and resilient energy systems

IMPACT

Creating solutions for today's energy challenges and tomorrow's world

CONFERENCE OBJECTIVES

The primary objectives of Renewable Energy – 2027 are to:

- Promote excellence in renewable energy research.
- Foster interdisciplinary scientific collaboration.
- Encourage innovation in sustainable energy technologies.
- Strengthen partnerships between academia and industry.
- Share practical solutions for global energy challenges.
- Support young researchers and future scientists.
- Facilitate international networking and knowledge exchange.
- Advance research that contributes to carbon neutrality and sustainable development.

WHO SHOULD ATTEND?

Renewable Energy – 2027 welcomes participation from:

- Scientists
- Researchers
- Academicians
- Professors
- Postdoctoral Researchers
- Graduate & Undergraduate Students
- Engineers
- Industry Professionals
- Utility Companies
- Government Agencies
- Policy Makers
- Energy Consultants
- Entrepreneurs
- Investors
- NGOs
- Technology Developers
- Research Organizations
- Environmental Professionals

CONFERENCE HIGHLIGHTS

- International Virtual Conference
- 300+ Expert Speakers
- 100+ Expected Delegates
- 30+ Scientific Sessions
- Participants from 30+ Countries
- Distinguished Keynote & Plenary Speakers
- Oral & Poster Presentations
- Technical Sessions
- Panel Discussions
- Live Q&A Sessions
- International Networking Opportunities
- Young Researcher Forum
- Best Presentation Awards
- Conference Proceedings with ISBN
- Publication Opportunities
- Digital Certificates

SESSIONS

The conference welcomes original research in, but is not limited to, the following topics:

	Track 1: Advanced Solar Energy Technologies	+		Track 17: Water-Energy Nexus	+
	Track 2: Wind, Hydro & Ocean Energy Systems	+		Track 18: Advanced Energy Materials & Nanotechnology	+
	Track 3: Energy Storage & Battery Innovations	+		Track 19: Power Electronics & Energy Conversion Systems	+
	Track 4: Hydrogen Energy & Clean Fuels	+		Track 20: Industrial Decarbonization & Clean Manufacturing	+
	Track 5: AI, IoT & Digital Energy Systems	+		Track 21: Future Fuels & Alternative Energy Carriers	+
	Track 6: Climate Change & Net-Zero Strategies	+		Track 22: Energy Forecasting & Predictive Modeling	+
	Track 7: Smart Cities & Sustainable Infrastructure	+		Track 23: Energy Access & Rural Electrification	+
	Track 8: Carbon Capture & Environmental Technologies	+		Track 24: Energy Policy, Governance & Global Cooperation	+
	Track 9: Power Systems & Grid Integration	+		Track 25: Sustainable Materials & Circular Economy	+
	Track 10: Energy Economics, Policy & Management	+		Track 26: EV Infrastructure & Smart Charging Systems	+
	Track 11: E-Mobility & Future Transportation	+		Track 27: Climate Technologies & Carbon Management	+
	Track 12: Emerging & Future Energy Technologies	+		Track 28: Urban Energy Systems & Smart Infrastructure	+
	Track 13: Interdisciplinary & Applied Research	+		Track 29: Innovation, Startups & Energy Entrepreneurship	+
	Track 14: Grid Digitalization & Smart Energy Analytics	+		Track 30: Energy Security & Resilience	+
	Track 15: Bioenergy & Waste-to-Energy Technologies	+		Track 31: Space & Advanced Energy Concepts	+
	Track 16: Thermal Energy Systems & Heat Management	+			

CONFERENCE AGENDA

DAY 1 – MARCH 3, 2027

Theme: Innovation and Emerging Technologies in Renewable Energy

TIME	PROGRAM
09:00 – 09:30	 Registration & Virtual Networking
09:30 – 09:45	 Opening Ceremony & Welcome Address
09:45 – 10:15	 Plenary Lecture I
10:15 – 10:45	 Keynote Lecture I
10:45 – 11:00	 Networking & Coffee Break
11:00 – 11:30	 Keynote Lecture II
11:30 – 12:00	 Invited Speaker Session I
12:00 – 12:30	 Oral Presentation Session I
12:30 – 13:15	 Lunch Break
13:15 – 13:45	 Plenary Lecture II
13:45 – 14:15	 Keynote Lecture III
14:15 – 14:45	 Invited Speaker Session II
14:45 – 15:00	 Networking Break
15:00 – 16:00	 Parallel Technical Sessions
16:00 – 16:30	 Panel Discussion
16:30 – 17:00	 Interactive Q&A & Closing Remarks

DAY 2 – MARCH 4, 2027

Theme: Sustainable Energy Integration and Future Energy Systems

TIME	PROGRAM
09:00 – 09:15	 Welcome Back & Opening Remarks
09:15 – 09:45	 Plenary Lecture III
09:45 – 10:15	 Keynote Lecture IV
10:15 – 10:45	 Invited Speaker Session III
10:45 – 11:00	 Coffee Break
11:00 – 11:30	 Oral Presentation Session II
11:30 – 12:00	 Technical Session
12:00 – 12:30	 Industry Presentation
12:30 – 13:15	 Lunch Break
13:15 – 13:45	 Keynote Lecture V
13:45 – 14:15	 Young Researcher Forum
14:15 – 15:00	 Poster Presentations
15:00 – 15:15	 Networking Break
15:15 – 16:00	 Panel Discussion
16:00 – 16:30	 Awards Ceremony
16:30 – 17:00	 Valedictory Session & Closing Ceremony

WHY PARTICIPATE?

Renewable Energy – 2027 provides participants with opportunities to:

- Present innovative research to an international audience.
- Learn from globally recognized experts.
- Build international research collaborations.
- Discover the latest advancements in renewable energy technologies.
- Expand professional networks.
- Increase research visibility.
- Explore publication opportunities.
- Gain valuable scientific insights from interdisciplinary discussions.

BENEFITS FOR SPEAKERS

Global Recognition

International Scientific Exposure

Keynote & Invited Speaking Opportunities

Publication in Conference Proceedings

ISBN/e-ISBN Proceedings

International Networking

Best Speaker Award

Best Research Presentation Award

Professional Profile Enhancement

Digital Presentation Certificate

ABSTRACT SUBMISSION

Researchers, academicians, industry professionals, and students are invited to submit original research abstracts in all areas of renewable energy and sustainable technologies.

Accepted submissions will be scheduled as:

Keynote Presentations

Oral Presentations

Poster Presentations

Virtual Presentations

All abstracts will undergo peer review by the Conference Scientific Committee.

ABSTRACT SUBMISSION

Submit Your Abstract Now!

REGISTRATION

Register Now & Secure Your Spot!

REGISTRATION INFORMATION

EARLY BIRD REGISTRATION

CATEGORY	FEE (USD)
 Speaker Presentation	USD 149
 Poster Presentation	USD 99
 Student	USD 69
 Delegate	USD 59

MID-TERM REGISTRATION

CATEGORY	FEE (USD)
 Speaker Presentation	USD 199
 Poster Presentation	USD 149
 Student	USD 89
 Delegate	USD 79

ON-SPOT REGISTRATION

CATEGORY	FEE (USD)
 Speaker Presentation	USD 249
 Poster Presentation	USD 199
 Student	USD 99
 Delegate	USD 99

CONFERENCE INFORMATION

REGISTRATION INCLUDES

Every registered participant will receive:

Access to all live conference sessions

Participation from anywhere in the world

Digital conference program

Electronic abstract book

E-Certificate of Participation / Presentation

Publication of accepted papers in
Conference Proceedings (ISBN / e-ISBN)

Live networking opportunities

Interactive Q&A sessions

Access to conference recordings
(where applicable)

Important updates and announcements

PUBLICATION OPPORTUNITIES

Accepted abstracts and full papers will be considered for publication in the Conference Proceedings with ISBN / e-ISBN.

Selected manuscripts may also be recommended for publication in partner peer-reviewed international journals, subject to editorial review and journal policies.

TERMS & CONDITIONS

- Registration is confirmed only after successful payment.
- Participants are responsible for ensuring a stable internet connection.
- Conference access links will be shared before the event.
- The Organizing Committee reserves the right to modify the scientific program, speakers, or schedule if necessary.
- Unauthorized recording or redistribution of conference materials is strictly prohibited.
- In exceptional circumstances, the conference may be postponed or rescheduled.
- Registrations will remain valid for the rescheduled event or a future edition.

CANCELLATION & REFUND POLICY

Cancellation requests must be submitted in writing via email (to the organizing committee).

CANCELLATION PERIOD	REFUND
 Before 60 days of the conference	60% Refund
 50 – 40 days of the conference	50% Refund
 Within 30 days of the conference	No Refund

CANCELLATION & REFUND POLICY:

- ✓ Refunds will be processed after deducting applicable administrative charges.
- ✓ Processing of refunds may take up to 7–10 business days.
- ✓ Registrations are non-transferable. However, a substitute participant may be nominated with prior written approval.
- ✓ The Organizing Committee reserves the right to make final decisions on refund and cancellation requests.

RENEWABLE ENERGY - 2027

WORLD CONFERENCE ON RENEWABLE ENERGY
& SUSTAINABLE ENERGY

NETWORKING & COLLABORATION

Renewable Energy – 2027 offers an interactive virtual environment that promotes collaboration among researchers, industry experts, government organizations, funding agencies, and academic institutions. Participants will have the opportunity to establish international partnerships, discuss future research projects, and engage in meaningful scientific dialogue.
